Description :

PDF-12f48 | With the number of elderly persons needing long-term care expected to double to 14 million over the next two decades, assisted living has become the popular choice for housing or care. Assisted living represents a promising model of long-term care that blurs the sharp distinction between nursing homes and community-based care and reduces the gap between receiving long-term care in one's own home a... *Assisted Living: Needs, Practices, and Policies in Residential Care for the Elderly*
